

A PAGE TURNS AT CARDINAL HOUSE.

The Board members of the Oxford Masonic Hall Company Limited are pleased to announce that a new caterer has been appointed to provide quality meals at the festive boards as of 1st March 2019.

The new catering company is called TSO (Oxfordshire) Limited but most Brethren who have dined recently may know the chef who is Mrs Debbie Mole. She is the chef who has been preparing the meals for some weeks now at the centre.

One of the reasons for her appointment was the considerable number of unsolicited favourable comments that had been received about the improvement and quality in the meals recently provided. The Board took due note of these comments and coupled with their own experience and vision for the future made the decision to carry forward with that progress.

Debbie herself is extremely keen to continue and promote the improvement and quality of the meals provided. All the produce to be used is locally sourced and traceable. Only the freshest ingredients are acceptable.

Together with Debbie the Board aim to make Cardinal House one of the best dining experiences in the Province.

I am delighted to have the opportunity to provide the catering for you all at OMHC Ltd.

My name is Debbie and I have been a chef in the catering and restaurant industry for some 37 years.

I live locally to Cardinal House and have a great focus on all our produce being as fresh and local as possible, some of which, in time to come, I hope may be home grown on site.

I have a strong ethic towards good animal husbandry, traceability and welfare which means all our meat and fish will have full provenance and be British standards approved.

The menus will change every few months to assure they remain seasonal.

Very kindest regards

Debbie
